How you can support your child

- ❑ **Understand** your child's strengths and interests
- ❑ **Encourage** your child to do his/her best to achieve subject targets
- ❑ **Guide** your child to develop a routine that allows him/her to have sufficient rest and time for revision
- ❑ **Participate** in your child's decision-making by
 - visiting the [Sec 3 Subject Combination](#) microsite
 - watching a video presentation by Mr Syahril (our school's ECG counsellor)
 - visiting the [MySkillsFuture](#) portal together with them.

SEC 3 SUBJECT COMBINATION EXERCISE

Dear Parent/Guardian,

Welcome to the TPSS Sec 3 Subject Combination Information Site!

Your child/ward will be making an important decision at the end of Secondary Two. He/She will participate in the Sec 3 Subject Combination Exercise after the end-of-year examination. This exercise provides an opportunity for your child/ward to indicate his/her preferred subject combinations based on academic merit as demonstrated in the overall academic performance at Sec 2 and interest in subjects offered. All subject combinations offered will pave the way for students to pursue post-secondary courses at the various tertiary educational institutions including Junior Colleges, Polytechnics and the Institutes of Technical Education.

As part of our continual partnership with you, we have put together this site to help you and your child make an informed choice. The site is organised as follows:

- [Guide to Choosing a Subject Combination](#)
- [List of Subject Combinations](#)
- [Allocation Process for Subject Combination](#)
